

Franklin County Board of Health

Monthly Immunization Clinic Schedule

The Franklin County Board of Health offers child and adult immunizations at 14 clinic sites throughout the community. Required immunizations are available for a \$10.00 administration fee per shot for children ages one month to 18 years of age. In addition, there is a \$15.00 assessment fee that will be charged each visit. No one will be turned away due to inability to pay for childhood immunizations.

Adult immunizations are also available at the clinic and vary in price according to the vaccine; however international travel immunizations are not available.

Please be sure to bring your child's shot record with you to the clinic. A completed consent form is required if a parent or legal guardian is not present at the clinic. The consent form is available on www.franklincountyohio.gov/health.

For information on what vaccinations are available or when your child should be vaccinated, visit www.franklincountyohio.gov/health.

The complete immunization schedule is available on the reverse side. >
